Dear Mrs Nixon

Thank you so much for raising £200.00 from the sale of your knitted Teddy Bears; what a fabulous amount to raise, we are truly grateful for this donation.

As you know St. Benedict's Hospice provides the very best of care to patients and their families when they need it most, as they live through some of the most difficult times imaginable. The very special care and attention that is provided at St Benedict's is only possible thanks to people like you, our supporters. With your kindness we will be able to continue to offer so much more to our patients and their families long into the future.

"St Benedict's Hospice saved my life, they really did. The hospital cares about my illness, they treat my illness but at St Benedict's they care about me, about how I am feeling and about how my family are coping - they make me feel like I am in charge of my life."

I am delighted that you have chosen to support us and I do hope you will continue to help us in the future.

Yours sincerely
