

## Chinese Auction

Each person brings 3 gift wrapped items, any paper and different if possible....strings and bows if you wish.

First to be a booby prize, something that is useless/no good....i.e. light bulb that doesn't work etc.

Second to be something that you just don't want, this can be an unwanted gift etc but needs to be something new/unused/good.

Third item to be a gift purchased between £5-£10,

All gifts are placed on the table and we take turns to choose one ( no shaking or feeling gifts allowed) Then to "unwrap and show" your item before then next person has their "turn".

Throughout the Auction, ***when it is your turn.*** you can opt to miss a turn in opening a "***gift***" and "***steal***" ***someone's "treasured gift item"*** Each item can only be stolen up to 3 times then it stays with the 3rd owner.....it is really heaps of good fun!
